# **Project Planning Phase**

# Project Planning Template (Product Backlog, Sprint Planning, Stories, Story points)

| Date          | 22 October 2022   |
|---------------|---|
| Team ID       | PNT2022TMID53075  |
| Project Name  | Project - Predicting The Energy Output Of Wind Turbine Based On Weather Condition |
| Maximum Marks | 8 Marks   |

## **Product Backlog, Sprint Schedule, and Estimation (4 Marks)**

Use the below template to create product backlog and sprint schedule

| Sprint   | Functional Requirement (Epic) | User Story<br>Number | User Story / Task  | Story Points | Priority | Team<br>Members                 |
|----------|-------------------------------|----------------------|--|--------------|----------|---------------------------------|
| Sprint-1 | Registration                  | USN-1                | As a user, I can register for the application by entering my email, password, and confirming my password | 2            | High     | Gayathri,<br>Megan              |
| Sprint-1 |                               | USN-2                | As a user, I will receive confirmation email once I have registered for the application                  | 2            | High     | Gayathri,<br>Megan              |
| Sprint-4 |                               | USN-3                | As a user, I can register for the application through Gmail  | 1            | Medium   | Megan,<br>Sanmati               |
| Sprint-4 |                               | USN-4                | As a user, I can register for the application through LinkedIN   | 1            | Medium   | Gayathri,<br>Kirthanna<br>Rajan |
| Sprint-1 | Login                         | USN-5                | As a user, I can log into the application by entering email & password                                   | 2            | High     | Kirthanna<br>Rajan,<br>Sanmati  |
| Sprint-3 |                               | USN-6                | As a user, I can change my password in case I forget it through the reset password option.               | 1            | Medium   | Megan,<br>Kirthanna<br>Rajan    |
| Sprint-2 | Dashboard                     | USN-7                | As a user, I can access the dashboard to View profile  | 3            | Low      | Gayathri,<br>Kirthanna<br>Rajan |
| Sprint-2 |                               | USN-8                | As a user, I can access the dashboard to make the wind power prediction action                           | 3            | High     | Megan,<br>Sanmati               |

| Sprint   | Functional<br>Requirement (Epic) | User Story<br>Number | User Story / Task  | Story Points | Priority | Team<br>Members                 |
|----------|----------------------------------|----------------------|--|--------------|----------|---------------------------------|
| Sprint-2 |                                  | USN-9                | As a user, I can view my previous Evaluations  | 2            | High     | Gayathri,<br>Megan              |
| Sprint-4 | Profile                          | USN-10               | As a user, I can edit my profile time to time  | 1            | Medium   | Gayathri,<br>Kirthanna<br>Rajan |
| Sprint-3 | Requirements                     | USN-11               | As a user, I can enter the wind speed and other inputs through a form                              | 1            | High     | Gayathri,<br>Kirthanna<br>Rajan |
| Sprint-3 | Results                          | USN-12               | As a user, I can view the results for my entered inputs  | 1            | High     | Megan,<br>Sanmati               |
| Sprint-2 | Downloads                        | USN-13               | As a user I can download the results as an image   | 3            | Medium   | Megan,<br>Sanmati               |
| Sprint-2 |                                  | USN-14               | As a user, I can download the results as a pdf   | 3            | High     | Gayathri,<br>Kirthanna<br>Rajan |
| Sprint-2 |                                  | USN-15               | As a user, I can download and share the results through email                                      | 3            | Low      | Kirthanna<br>Rajan,<br>Sanmati  |
| Sprint-1 | Login                            | USN-16               | As an admin, I can log into the application by entering email & password                           | 3            | High     | Kirthanna<br>Rajan,<br>Sanmati  |
| Sprint-3 |                                  | USN-17               | As an admin, I can change my password in case I forget it through the reset password option        | 3            | Medium   | Gayathri,<br>Sanmati            |
| Sprint-4 | Website modification             | USN-18               | As an admin, I can add content and publish the pages on the application assign by the super admin  | 3            | Medium   | Megan,<br>Sanmati               |
| Sprint-1 | Login                            | USN-19               | As a super admin, I can log into the application by entering email & password                      | 3            | High     | Sanmati,<br>Kirthanna<br>Rajan  |
| Sprint-3 |                                  | USN-20               | As a super admin, I can log into the application by receiving a reset email incase forgot password | 3            | Medium   | Kirthanna<br>Rajan,<br>Megan    |
| Sprint-3 | Web Page<br>Assignment           | USN-21               | As a super admin, I can assign pages to be handled to the admin                                    | 2            | High     | Gayathri,<br>Sanmati            |

| Sprint   | Functional           | User Story | User Story / Task   | Story Points | Priority | Team                         |
|----------|----------------------|------------|---|--------------|----------|------------------------------|
|          | Requirement (Epic)   | Number     |   |              |          | Members                      |
| Sprint-4 | Website Modification | USN-22     | As a super admin, I can add content and                           | 4            | Low      | Gayathri,                    |
|          |                      |            | publish on all the pages of the application                       |              |          | Sanmati                      |
| Sprint-4 |                      | USN-23     | As a super admin, I can edit the design and layout of the website | 4            | Medium   | Megan,<br>Kirthanna<br>Rajan |

## Project Tracker, Velocity & Burndown Chart: (4 Marks)

| Sprint   | Total Story<br>Points | Duration | Sprint Start Date | Sprint End Date<br>(Planned) | Story Points<br>Completed (as on<br>Planned End Date) | Sprint Release Date (Actual) |
|----------|-----------------------|----------|-------------------|------------------------------|---|------------------------------|
| Sprint-1 | 12                    | 6 Days   | 24 Oct 2022       | 29 Oct 2022                  |   |                              |
| Sprint-2 | 17                    | 6 Days   | 31 Oct 2022       | 05 Nov 2022                  |   |                              |
| Sprint-3 | 11                    | 6 Days   | 07 Nov 2022       | 12 Nov 2022                  |   |                              |
| Sprint-4 | 14                    | 6 Days   | 14 Nov 2022       | 19 Nov 2022                  |   |                              |
|          |                       |          |                   |                              |   |                              |
|          |                       |          |                   |                              |   |                              |

## JIRA

https://pnt2022tmid53075.atlassian.net/

### **Velocity:**

Imagine we have a 10-day sprint duration, and the velocity of the team is 20 (points per sprint). Let's calculate the team's average velocity (AV) per iteration unit (story points per day)

$$AV = \frac{sprint\ duration}{velocity} = \frac{20}{10} = 2$$

#### **Burndown Chart:**

A burn down chart is a graphical representation of work left to do versus time. It is often used in agile software development methodologies such as Scrum. However, burn down charts can be applied to any project containing measurable progress over time.

https://www.visual-paradigm.com/scrum/scrum-burndown-chart/https://www.atlassian.com/agile/tutorials/burndown-charts
